post-production

Square post production

a post-production centre in a building of more than 1,000 square meters on three floors in a km distance from Milan Cathedral, thoroughly equipped for the post-production and indoor-outdoor video shooting. Equipment and team, producer, colourist, flame artist, etc. up to sound designers are of world-class quality and are in the habit of large productions. Well connected to the Internet and to multimedia group with its own server farm is able to broadcast live streaming of any resolution.

Multimedia group

an audio-video post-production company with broadcast function for small and medium companies: it is connected to the Internet with a small server farm. Account producers with years of experience follow the customers at all stages, from estimate, to hospitality, up to delivery. Editors, sound engineers, videographers, all with ten to thirty years of experience guarantee the highest quality even with small budgets by means of 2 audio studios and 2 internal suites of video editing and compositing.

points of strength

operational support for production companies and agencies, but also for media sales force and media agencies. Cartoon, 2D and 3D animation, special effects, editing, finishing, colour grading with Autodesk double suites, for tv commercials and productions, as well as for radio ads, dubbing, Dolby 5.1 audio, Dolby E and multilingual production, mid-high budget tv ads, corporate films and videos for the web, end products throughout the world and mobile in Ultra Hd, 4k and beyond. Maximum interoperability between locations and with the external world and transcoding of materials of all formats. 3dhd unit dedicated to stereoscopy, stop motion and high-speed unit, the video conversion from 2D to stereoscopic 3D with specialised equipment. The experience as a supplier of the major television networks is also applied to low budget productions for the web or B2B, with remarkable results. fluent english staff faces every day international teams.

audio connectivity:

isdn and ip codecs, source connect, ipDTL, skype, hangout, permit to record in real time any voice talent, in link with the world. post-production.

post-production facilities

remote video management:

with proprietary crm video software “virtual director”, created by Paolo Monesi in 2005, that boasts countless attempts at imitation, the customers can provide suggestions on editing and graphic changes to work in progress, from any device connected to the Internet. Since the early 90’s it is possible to follow all the phases, from editing to colour grading, live on the web. The internal server farm with a guaranteed bidirectional broadband data speed to the Internet permits the transmission of live video content and the rapid exchange of large files.

animated cgi:

as a trusted supplier of the major tv networks (the most demanding type of client) all of us have developed taste and skills that we apply even to low budget productions or web as well as b2b productions, with brilliant results.

come and visit us, many creative tools and talents await you for the development of your ideas and your business.

Square and Multimedia Group facilities have strategic locations in the centre of Milan.

Square Postproduction is about one kilometre away from the Duomo of Milan and is easy to reach by car, from the North with the cerchia dei Navigli and the A1, exit Piazzale Corvetto. Our own private internal parking for customers makes negligible eco-pass cost. Square is a few hundred meters from the Missori or Crocetta station of Line 3 (yellow) and Sant’Ambrogio station of Line 2 (green). The stop corso Italia / S. Sofia of Bus 94 is in 50 meters. The nearest railway stations are Porta Genova (1.4km), Cadorna (2km), Rogoredo (5km). Square is in 20 minutes from Linate Airport and 50 minutes from Malpensa Airport. Two taxi stands are less than 500 meters away.

Multimedia Group is 1.5 km away from La Scala Theatre, just outside the eco-pass zone, with convenient surrounding city parking. Piazza della Repubblica is connected by passing rail and line 3 (yellow) of the metro and is just a short walk from the Central Railway Station and 20 minutes from Linate airport and 45 from Malpensa Airport. It is hooked up to the underground line 3, various bus lines and tram stops as well as two taxi stands.

London, Rome and Palermo locations are all extremely easy to reach.

publishing brands

developing content

since the 90's, design, production and distribution of branded content, and in particular:

house organs
